A. Read the passage below carefully.**A Visit to the Aquarium**

1 Last Saturday, Dad brought my brother and I to an aquarium. The new aquarium opened in Hong Kong last week. It was the largest aquarium in the city with all kinds of exotic sea creatures. We were so excited!

5 We arrived at the aquarium at noon. The entrance was crowded with people lining up to buy tickets. Luckily, Dad booked the tickets online a week ago, so we could go into the aquarium quickly.

10 There were two big tanks in the aquarium. The first tank looked like a huge painting on the wall. There was countless jellyfish in the tank. Some of them were red, some were yellow, some were blue... Together, they look like a floating rainbow!

The second tank was a huge cube. There were all kinds of sea creatures in the tank, such as turtles, rays and sea stars. 15 There was even a shark! There was a transparent tunnel through the middle of the cube. As we walked through the tunnel, it felt as if we were walking in the water among the sea creatures! We stayed in the tunnel for half an hour. Before we left, we saw a clownfish. It was small and cute.

20 Before we left the aquarium, we bought some souvenirs. I bought an encyclopaedia of sea creatures. My brother bought an aquarium puzzle. We all enjoyed the trip very much.
